

Bob Treadway Audio-Visual Needs

Keynote Presentations

Wireless lavalier microphone for groups larger than 40. Room lights up full.

All presentations include computer-generated visuals. Please provide a projection system that can be seen in full room light. Speaker provides his own computer and remote control. He does not provide the presentation to be loaded on any other computer.

Meeting Breakouts/Seminars/Learning Experiences

Same AV as above with addition of a flipchart, easel, and markers.

Facilitation, Strategy Sessions, Decision-making Meetings

Same AV as above with at least one additional flipchart, easel, and markers.

An open section of meeting room wall at least 12 feet in length is desirable.

Seating in half-rounds
